ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA ELASTIC TRUSS CO., W. J. Hermie Proprietor. Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits I am truly yours, ALFRED J. BURKE,

DYSENTERY, CHOLERA FEVER AGUE, COUGHS, COLDS.

DR. J. COLLIS BROWNE'S
(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORGINAL AND ONLY GENUINE.

CAUTION. Vice Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's. See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousand of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—*See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera. "So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1860, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d. and 11s.

NEW CUSTOM HOUSE BLANKS

FOR SALE IN ANY QUANTITY

At the COLONIST OFFICE

Daily Colonist.

THURSDAY MORNING, SEPT. 4TH, 1879

L. P. FISHER, 20 and 21 New Merchants Exchange, is our authorised Agent in San Francisco.

"TO LET" OR "FOR SALE."

A faint idea of the deplorable state of things at San Francisco—the beautiful city by the sea—may be gathered from the following extract which we make from a late paper:—To an observer, wandering about the various streets of San Francisco, the multitudinous changes upon these most monotonous empty house notices will at once enlighten him to the existence of the very self-evident fact that nearly half of the city is either for sale or to let. In very truth, this Queen City of the Pacific Coast contains about twice as many houses as she has people to occupy them; and whole blocks, not only on the outskirts and in the sand dunes, but even on Dupont and Kearny streets, stare the prevailing deadness of real estate values in the face, and mutely express the doleful fact. The last census gives the information that the population of our city is on the decrease, yet the loss of the three or four thousand therein noticed is not of enough importance to have caused the existing depression. The fundamental cause lies deeper. The people at large are economizing and retrenching in every way, their actual necessities requiring such a course. The all-absorbing fact is apparent everywhere that "hard times" are upon us, and these of necessity have to be met by a corresponding retrenchment in the modes of life of our people. Many of those who have lived in elegant mansions have to be content with others of more modest dimensions; the palaces in many cases are turned into boarding houses, and the guests of these leave their comfortable homes empty upon the landlord's hands because they can live more reasonably in apartments. The spacious hotels of the city are but partially filled, and altogether everybody feels the existing condition of things to a greater or a less degree, except, perchance, the very wealthy, and they are agitating the problem whether to emigrate to New York or Europe during these evil days of universal stagnation."

THE EXTRAORDINARY CHARGE OF LIBEL.

It will be seen on reference to the local columns that the editor of *The Colonist* has been committed to stand his trial on a charge of libelling ELI HARRISON, jr., some seven or eight weeks ago. The committing Magistrate remarked that the case was "trivial" and was sorry he had no alternative but to send it up. He also expressed regret that the country would be put to considerable expense by the trial of a case from which no possible good could result to any one. The defendant briefly addressed the Court, declaring that he had always maintained a good personal understanding with the plaintiff and bore him no ill will, even now; but he could not and would not surrender the right he claimed for the Press of the Province to criticise the acts of an official, and contended that the article was not a libel. With these remarks the matter must rest until the case shall come before a higher tribunal, where an opportunity will be afforded for a full hearing of the case, which will test and determine the prerogatives of the Press.

The Burrard Inlet Mail.

EDITOR COLONIST:—Will some one kindly tell us the reason that eastern papers can never get to the Inlet short of a week or ten days after their arrival in Victoria? Is there a law prohibiting their being sent in the mailbag with the letters? We understand the mail is made up for the Inlet in Victoria. Is it compulsory that most of our papers should be sent *via* New Westminster P. O.? There has been considerable growling about this matter for some time, and I think it but fair before there is any biting that some one should BARK.

TORONTO, Aug. 20.—Rev. Mr. Tillinghast, a Detroit clergyman camping out at Fox Island, opposite Amherstburg, was accidentally shot and killed by a young man named James Wright on Tuesday.

A settlement of the Quebec labour troubles was arrived at last night, each Society agreeing to work according to its own rules, and to guarantee the other Society against interference.

The Dominion Ministers have not been successful in procuring the Imperial guarantee for the Canada Pacific Railway, and they are now urging support in the form of assistance in the promotion of a great immigration scheme.

HALIFAX, Aug. 20.—A sad murder occurred here this afternoon. A boy named Robert Lang, about 11 years of age, son of city policeman Charles Lang in Brunswick street, fired a stone at another boy named Edward Allison, who attacked him, beating him in the face. Lang then stabbed Allison in the left side above the region of the heart with a pen-knife, causing death about ten minutes after. Allison was about 15 years old, and had been employed as groom by Dr. Somers. Lang is in custody.

Newton McKay, member of the House of Commons in the last Parliament for Cape Breton, has been nominated a candidate for the vacant seat caused by the death of Hugh McLeod. McKay will run in the Opposition ticket. It is probable that Dr. McLeod, a brother of the late member, will be the Government candidate.

A FATAL THUNDER-BOLT.

Killing of Four Persons by a Stroke of Lightning.

Sunday afternoon, about half-past 7 o'clock, two of Mr. Le Suer's children, aged 6 and 5, came walking into town, bringing the startling news that their father, mother, two little sisters, a little girl of William Dricken's, of Fountain, D.T., and Will Date had all been killed by "the wind hitting them." The alarm was soon given, and immediately men on foot and with teams started out in search, previously knowing that the family were on their way homeward from William Paddock's, living ten or twelve miles north of town. A severe rainstorm, accompanied by terrific peals of thunder and vivid flashes of lightning had passed over town from the north during the latter part of the afternoon, and it was apparent to all that they had been struck by lightning. There are two well-traveled roads leading into town, in one of which they were expected to be found. One party, Mr. Mosier and Mr. Henretty, after driving about two miles and a half from town, stopped to make inquiries at Mrs. Nubson's house, where they were informed that a "whole wagon-load of the dead had just been sent to Canby by Andrew Erickson." At this house was one of the ill-fated number, Will Date, who, after lying for some time in an unconscious state by the roadside, scrambled three quarters of a mile to his house and gave the alarm. The light wagon containing the bodies of Mrs. LeSuer, her two-year-old child and the body of Rosa Dricken was found south of the creek, near this house, and brought into town about 10 o'clock. The appearance of the corpses was ghastly indeed, all occupying a sitting posture on the seat on which they were sitting when they received the death-dealing shock.

In the meantime, knowing that all the family had not been found, Mr. Mosier and Mr. Henretty proceeded to the creek where the light wagon had been found, and while there heard the cries of a child, and soon after the groans of some one in terrible agony; going in the direction of these sounds they found Mr. Le Suer lying on his face about two or three feet from the side of the road. While these gentlemen were taking Mr. Le Seur to the house, another party arrived at the house, and then they all returned to the creek and hearing the cries of the child some distance from the road, proceeded thence, finding the little three-year-old boy of Mr. Le Seur lying in grass. What could have been the feelings of that little one alone upon the cold, wet prairie under the circumstances, with hardly a moonbeam to dispel the total darkness, can be better imagined than described.

While this party were taking care of the little one a third party had started out on the other road, had made the circuit, and from an opposite direction from that the other two parties had arrived, they found Mr. Le Suer's dog dead in the road about a quarter of a mile north of the creek where the bodies had previously been found, and fifteen feet further on from where the dog lay they found the lifeless form of the infant girl about two feet from the roadside, probably having been thrown there when its mother was struck.

As has been previously stated, the light wagon containing the corpses was found on the south side of the creek, at which place one of the horses was found dead fully a quarter of a mile from where the infant and dog lay. It is the general supposition, and it seems plausible, that one of the horses had received part of the bolt and ran thus far before life became extinct.

At the time of the casualty, as has subsequently ascertained, Mr. Le Suer was on the right side of the front seat driving, and Will Date was sitting at his left, with the three little boys that escaped uninjured sitting in front of them under the buffalo robe. Mrs. Le Suer was sitting on the right side of second seat holding her infant child on her lap and carrying over her left shoulder a metallic-pointed sun-shade. Immediately at her left sat her two-year-old girl Mabel. At the end of the seat Rosa Dricking was sitting. It is evident from the appearance of the corpse that Mrs. Le Suer received the greatest part of the shock. The sun-shade she used that day had steel ribs covered with silk, and it is thought by many that the electric fluid passed down these ribs, striking Mr. Date first on his right shoulder, and so on to the seat, partly melting the iron bolt and then down to the ground across the axle of the wagon.—*Canby, Minn., News.*

THE EXTRAORDINARY CHARGE OF LIBEL.

David W. Higgins, editor and owner of *The Colonist*, summoned by Eli Harrison, jr., and charged with having published in the said paper a defamatory and malicious libel concerning the said Eli Harrison, jr.

The resumption of the hearing of this extraordinary case was fixed for 1 p.m. and the defendant and his counsel were in attendance at that hour. At 2 p.m. the plaintiff had neither appeared in person nor by his counsel and His Honor directed a constable to notify the plaintiff that the Court awaited his appearance.

At 2:10 p.m. the plaintiff, accompanied by his counsel, Mr. A. R. Robertson, Q.C., entered the Court.

The plaintiff at once rose to address the Court and stated that before the charge was proceeded with he wished to direct the attention of His Honor to the fact that whilst the case was pending the defendant had written certain articles commenting thereon.

Mr. Drake said the course the plaintiff was pursuing was a most unusual one. He observed that he was represented by an eminent barrister who was sitting at his side and if he (the plaintiff) had had a little more "experience" he would have known better and permitted his counsel to conduct the prosecution.

His Honor remarked that he had known the plaintiff from a child and had observed with pleasure the manner in which he had conducted himself. It appeared, however, to His Honor that a young man, such as the plaintiff, ought to be satisfied with the steps he had taken to set himself right before the public.

The plaintiff—I am in the position of the party attacked and must vindicate myself.

His Honor—I really think you have done as much as any young man ought to do.

The plaintiff—As much as any man—no matter about his age.

His Honor—I have already stated that I have known you since you were a child and I think that you have vindicated yourself.

The plaintiff—I am a professional man and a practitioner in this Court and I claim the right to address you.

His Honor—I don't approve of the course you are taking at all. You can address me at the proper time on this subject and you have your counsel beside you to advise you.

The plaintiff—I claim a right to state that ——

His Honor—I don't know that I have any right to listen to you now. If you want to go on with the charge put a witness in the box and proceed.

The plaintiff—I want to show you that improper comments have been made in the press on the charge against the defendant before the case was completed. I submit that this was a contempt of court and you ought to vindicate the court.

Mr. Drake said that he observed a very eminent counsel at the side of the plaintiff and it was strange that he was silent and did not think it wise to defend the position taken by his client. Perhaps he was ashamed to do so (laughter.)

The plaintiff—Now, your Honor is that right? (laughter.) Is that the kind of remark a counsel should be allowed to make?

His Honor said he could not listen to the plaintiff concerning the point he had raised now. His Honor was there for a specific purpose—to hear the evidence in the charge against David W. Higgins and there was nothing else properly before the Court. The Court was prepared to go on with the case.

Mr. Robertson—And so am I prepared to go on with the case; but I must state that the defendant has not only declined to act upon the suggestion of your Honor, to state that the article complained off was written under a misapprehension of facts—but he has published a subsequent article clearly demonstrating the *animus* in the matter. I submit that my client has a right, being a practitioner in this Court, to draw the attention of your Honor to the fact that whilst the present case was *sub judice* improper comments were made in the press thereon.

The learned counsel then proceeded to quote the Tichborne case and stated that the Judges had taken action in respect to articles commenting on the merits thereof of their own accord. He asked His Honor to give his expression in the present matter so that the publication of future improper articles might be prevented.

His Honor said that if the case were to be sent to a higher court the subsequent articles might be considered an aggravation. In his opinion the first article had been written under a misapprehension and that the evidence given by Mr. Justice Gray fully exculpated the complainant who was acting for the Attorney-General at Clinton. His Honor remarked that the young man, being desirous of rising, had deemed it his duty to set himself right before the public and that he had done so. What more did he desire?

Mr. Drake said that no libel had been committed. The comments in the article were simply comments on a public man in the discharge of his official duties.

Mr. Higgins here rose to speak. He submitted to His Honor that as the plaintiff had been permitted to explain himself, he also was entitled to do so. He would state that ever since the plaintiff had come before the public he had taken him by the hand and had on several occasions written notices of him in *The Colonist* calculated to pave his way to success. No young man could have received more kindness at his hands in his position as a journalist than the plaintiff. Even on the occasion of his appointment to the position he now held he had spoken in kindly terms of him.

His Honor said that he was afraid he could not hear the defendant at present.

Mr. Higgins stated that he bore no ill-feeling whatever towards the plaintiff, but he was not going to admit that the young man was a man of large experience when he believed that such was not the case.

Mr. Robertson said the statement of the defendant afforded his client no satisfaction. A libel, he contended, had been made on him and it would remain on record.

Mr. Higgins—You never gave me an opportunity to explain; you served me with a summons without suggesting an apology. There is a principle involved in this case which cannot be surrendered without injury to the public interests.

Mr. Robertson continued to quote from Lord Ellenborough and Archbold's Criminal Practice in support of his position to show that subsequent articles might be put in evidence as an aggravation of the original offence.

The Magistrate having carefully examined the depositions said that he thought it was his duty to send the case to a higher Court, because the article to a certain extent was libellous, although the case was trivial, in his opinion. Besides, Mr. Higgins had said that he had no intention of doing Mr. Harrison any harm and had expressed a high opinion of him personally. In addition, Mr. Harrison had succeeded in bringing out a high testimonial as to his capacity from a Judge of the Supreme Court.

Mr. Robertson thought the case would have to go on.

The Magistrate—Suppose a jury should pass upon the case? The country would be put to a great expense and all for what?

Mr. Robertson proceeded to put in subsequent articles.

Mr. Drake objected and contended that articles written subsequent to the libel could not be put in evidence before this court. He could not put in articles buttering up Mr. Harrison in palliation of the offence alleged, neither could articles derogatory to him be put in.

The Magistrate ruled that the articles could not be put in and bound the defendant over in the sum of $2,000 to appear at the higher court.

NEW WESTMINSTER DISTRICT.—The *Guardian* says: A man named Frank Carrigan, night-watchman at Haigh's cannery, borrowed two charges for his gun and went out ostensibly to hunt at 9 p.m. on Saturday last. As he did not return a searching party went out on Monday last to look for him, and after some difficulty found his body lying on one side of a log and his gun lying on the other side. On examination it was found that the entire charge had passed by the mouth completely through the head. Very little is known of Carrigan, except that he came last from the Sound. He always appeared quiet and inoffensive. An inquest was held and a verdict of "accidental death" returned....Mr. Bremeridge, who owns a farm on the South Arm, left this city on Sunday last in a canoe, apparently under the influence of liquor. He has not yet been observed about his ranch, and his canoe was last seen passing down the river, near Ladner's, empty....The boats engaged in taking the spring salmon are still very successful, the number taken equalling the most successful hauls of sockeyes.... A number of our citizens leave this morning for a locality some distance behind Hope. Diggings have been discovered that will pay at least good wages....The examination of the public school by the Superintendent of Education commenced on Tuesday and was continued yesterday....An Indian employed by Mr. Burns to dig out sand behind the butts was killed on Monday last by the falling of a mass of gravel. The coroner's jury returned a verdict of "accidental death."....Mr. C. Braden, the pianoforte-tuner, and leader of the Hyack Band in this city—recently employed at Haigh's cannery—left the last-named establishment on Sunday afternoon last in a small canoe, and has not since been heard of. The canoe was seen to pass this city empty on Monday evening....Two Chinamen were drowned at Granville on Sunday last.

CANADA WANTS FARMERS.—Mr. Pope, the Canadian Minister of Agriculture, has directed Mr. Dyke, the Government agent at Liverpool, to place himself in communication with tenant farmers in various parts of the United Kingdom and in cases where a number of agriculturists entertain the idea of immigration, and are able to satisfy him that they are possessed of a fair amount of capital, he is authorized to send out to Canada any one of their number whom they may select to report on the character of the country, the terms upon which improved farms may be acquired, and other matters of value. The expenses of these delegates will be defrayed by the Dominion. Every facility will be offered them in Canada for acquiring information of reliable character and for communication with those whom they shall represent.

ARRIVAL OF THE MAIL STEAMER.—The mail steamship City of Chester, Captain Mackie, arrived here yesterday afternoon. She sailed from San Francisco on Saturday last at noon, having on board 57 passengers, 41 bags of mail matter and 458 tons of freight. Experienced heavy head winds during the entire passage. On the 1st inst., at 10 a. m., met the steamship Alaska bound south, and on the following day at noon passed the steamship G. W. Elder. The names of consignees and passengers will be found under the usual headings.

IT is stated that Mr. S. Duck will be a candidate for the Chief Engineership of the Fire Department.

The Imperial Guarantee for the Canadian Pacific Railway Declined.

LONDON, Aug. 20.

The Colonial Secretary has not found it advisable to recommend a guarantee for the Canadian Pacific Railway extension desired by Sir John Macdonald, but the Imperial support may be given to the proposed extension in another form.

Part of the scheme laid before Sir Michael Hicks-Beach suggested the appointment of an Imperial Commissioner to act in conjunction with the Dominion Commission to have charge of lands hypothecated for the construction of the railway.

The Canadian representatives now here have impressed upon the Government the importance of having an Imperial Commissioner co-operating with the Dominion Commission.

The amount of money required to complete the line along the shore of Lake Superior to Thunder Bay, and thence to Red River, is estimated at $18,000,000.

Without the Imperial guaeantee a new loan may be obtained by the Canadian Government to complete the line, but it would add to the strength of the financial position if an Imperial Commissioner took part in the administration of the lands or revenues upon which the loan may be based.

The scheme has been represented as a great emigration scheme, in which the Mother Country is chiefly interested.

Under these circumstances the Canadian Ministers have asked for the appointment of an Imperial Commissioner, whether the Government approve or continue to refuse the guarantee.—*Globe.*

THAT FOUR THOUSAND FIVE HUNDRED.

The chairman stated that he desired to read the following resolution which he would have moved had he not been voted to the chair. The resolution was as follows:

Whereas a resolution of the Council was passed on the 16th of April and duly forwarded to the Government requesting that the sum of $4,500 appropriated for streets and bridges within the city and district during the session of the Legislature then just concluded; and as the bridges within the city district limits, viz., James Bay, Rock Bay and Finlayson's bridges were each and all out of repair and in an unsafe and dangerous condition, and the Council could not delay action and proceeded at once to cause the necessary repairs to be effected at a cost of $2,850; and whereas no formal answer has yet been received in reply to the letter of the Council of the 16th April, be it therefore resolved, that an application be made to the Government requesting the Government to assume the liabilities of the Council in respect of the bridges and to cause the remainder of the appropriation to be expended on the repair of the streets.

The chairman said the Council had been in communication with the Government for some time as to the appropriation and had as yet failed to receive any satisfaction; he therefore considered a motion of the above nature necessary.

Coun. Rome said he had great pleasure in moving the resolution, which was seconded by Coun. Walker and carried unanimously.

Permission was granted Senator Macdonald to lay a sidewalk on the south side of Yates street from eight to twelve inches below the existing grade.

The usual monthly accounts were passed and the Council then adjourned.

Various Causes--

Advancing years, care, sickness, disappointment and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light and red hair to a rich brown or deep black as may be desired. It softens and cleanses the scalp, giving it a healthy action and removes and cures dandruff and humors. By its use falling hair is checked and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy, weak or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye and will not soil or color white cambric, yet it lasts long on the hair and keeps it fresh and vigorous. For sale by all dealers. 3dw

ENGLAND.

LONDON, Sept. 2.—The *Times*, reviewing the fisheries question, says the opinion expressed in the United States that the whole question should be settled between the State Department and the Foreign Office without the North American Colonies having any voice in the matter, betokens misapprehension of the policy of the British empire which accords to itself in governing the Colonies freedom of action which is limited only by Imperial considerations. It is somewhat surprising that the United States which owe their existence as a nation to the assertion of the very principle that a colony must have a voice in any negotiations which affect its interests, should not understand the same principle when asserted on behalf of Canada. It looks as if the fishery privileges granted by the Treaty of Washington were of greater value than the people of the United States have been hitherto willing to allow. It is satisfactory that the Government repudiates all intention of asking any reconsideration of the Halifax Award on the grounds of subsequent ill-treatment of fishermen.

John O'Connor Power, Home Rule member for Mayo on Sunday last addressed a large meeting of tenant farmers and others at Ballyhaunts. Cetewayo's New Kraal Burned

A PARTY IN FULL PURSUIT OF THE KING.

AFRICA.

LONDON, Sept. 3.—A dispatch from Capetown, Aug. 18, says Amrakazo, King Cetewayo's new kraal, was burned on the 13th. British cavalry the same night started in pursuit of Cetewayo and at 7 o'clock on the morning of the 15th arrived at the kraal where he had passed the previous night, but ascertained he had fled to the bush early in the morning. Lord Stafford, with a party of mounted natives, were, according to latest advices, continuing the pursuit. Sir Garnet Wolseley telegraphs that Cetewayo has only two or three followers with him. His prime minister, two of his sons and three of his best leaders have surrendered with 600 head of royal cattle. Arms and cattle are being rapidly surrendered daily. Colonial forces and natives advanced from Luneburg on the 12th inst. Oham's men are joining them and the whole force is expected to be opposed on Assegai river. Genl. Wolseley has countermanded his orders for the advance of the Swasies as Cetewayo is known not to be in their direction. Genl. Wolseley is expected at Pretoria on the 12th Sept.

REMARKABLE RESULTS FOLLOW.—Pain ceases, swellings subside, fever abates and a natural and healthy state exists after using this great and wonderful preparation known as Thomas' Eclectric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle at once. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts, which we think should be sufficient to satisfy the most sceptical:

Thomas Robinson, Farnham Centre, writes: "I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief, until I tried 'DR. THOMAS' ECLECTRIC OIL' and since then have had no attack of it. I would recommend it to all."

See what the Medical Faculty say: Dr. Beaudoin, Hull, P. Q., says: "I have sold 'Thomas Eclectric Oil' for two years, and I have never sold a medicine which has given more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with the best resul s."

A. H. Gregg, Manufacturer of Mowing Machines, Truemansburg, N. Y., says: "My thumb was caught in a machine and badly injured, being away from home for two days, was obliged to apply such remedies as I could get, but without relieving the pain. Immediately upon reaching home I applied the ECLECTRIC OIL, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Ha vana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you,
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.
